Women Veterans' Day

President's Message

Paul Gonzales, LTC USA (ret.)

The first six months of 2025 has been a busy and eventful period for our MOAA Chapter. We have seen changes, big and small, but we are poised to handle the future productively. Your Board of Directors always rises to any challenges, but we are looking forward to these summer months with some calmer downtime. The next Board meeting will be in August and our next General member meeting is September 11, 2025, Thursday at the Point Welcome Room, Coast Guard Island.

Our focus for the remainder of the year will be increase our membership from the current 74 members. We have lost approx. 26 members from 2024. Several have moved from the area, several have simply chosen not to renew or cannot be reached, and many of our Active Duty members have not renewed. However, we have picked up about five new members, one of which is our new

Major, U.S. Air Force Reserves.

My other priority is to push the Scholarship fundraiser on October 9th, with the Jeremiah O'Brien event during Fleet Week. I ask for your support and participation so we can increase our general fund to support the ROTC scholarships we provide to Cadets and Midshipmen at UC Berkeley. The May ACE showcased the impact and gratitude of the Berkeley Cadets/MIDN in their write up of thank yous to the membership of Alameda MOAA.

Lastly, I wish for peace and stability for the United States and our allies as global tensions and conflicts hopefully resolve for the betterment of all nations. It's a dangerous world and as all of us have served, we continue to support the causes and purpose for which MOAA exist.

Women Veterans Day

Military.com

The first Women Veterans Day was held on June 12, 2018, marking the 70th anniversary of the groundbreaking Women's Armed Services Integration Act, signed into law by President Harry S. Truman on June 12, 1948. That law enabled women to serve as permanent, regular members of the [Army](#), [Marine Corps](#), [Navy](#) and the recently formed [Air Force](#).

While women have served in the American military since before we became a nation, they were not officially recognized as military members or veterans until 1948. Women were originally relegated to serving in the civilian fields of nursing, laundering, mending clothing and cooking. Despite this segregation, many served in war zones alongside their male compatriots, and some even dressed as men during the Civil War and

I received three membership renewals for 2025 in May bringing our membership for 2025 up to 74. We are still in the process of confirming our Active-Duty membership but, so far, we have made telephone contact with only two of our 13 who were active-duty members in 2024. I will be making a new round of telephone calls to confirm active-duty memberships and our remaining membership renewals.

If you are being transferred or just moving, please let me know. Please let me know of any changes to your contact information, i.e., telephone number, mailing address or email address. The best way is to send me an email bredderman@sbcglobal.net.

Legislative Affairs

James "Skip" Phair: Legislative Director

We are getting close! [Assembly Bill-53](#) Personal income taxes: exclusion: Military Services Retirement and Surviving Spouse Benefit Payment Act, was passed by the California Assembly on May 29 (70-0) and is referred to the California Senate. The \$20,000 military retirement pay and survivor benefits exclusion was explicitly included in the California State 2025-26 Budget passed by the legislature on June 13. This means that the fiscal impact of tax change is already accounted for. The bill (AB53) which authorizes individuals to make the change on their tax returns must pass the California Senate and be signed by Governor Gavin Newsom.

We cannot get complacent. There are many constituencies whose funds were deleted or reduced in the budget. They will be lobbying for amendments. Hearings will be scheduled in the Senate Revenue and Taxation Committee and the Military and Veterans Affairs Committee between now and July 18. The legislation will be referred to the Senate for approval by August 22. Everyone is urged to communicate their support to the committee leadership through the [Legislature Position Letter Portal](#) or see letters below.

Below are suggested letters (in MS Word) to which you can add your name and affiliation then submit.

California State Commanders Veterans Council (CSCVC) Hosts Annual Capitol Advocacy Day in Sacramento

Ramona Chávez, CALMOAA President

June 11th, 24 Veterans organizations joined the California State Commanders Veterans Council (CSCVC) for its annual Capitol Advocacy Day and Council meeting in Sacramento. This was an opportunity for Veterans to visit state legislators and their staff to advocate and educate on issues of importance to Veterans.

This event provided a meaningful platform for Veterans from across the state to engage directly with California lawmakers and their staff to advocate for and educate on the issues that matter most to the Veteran community.

Capitol Advocacy Day is more than just a meeting—it was an opportunity to elevate the voices of those who served our nation by highlighting legislative priorities, sharing personal perspectives, and building stronger connections between Veterans and policymakers.

Personal Affairs

Sue Stewart, Personal Affairs

Did you know that 15 June is World Elder Abuse Awareness Day (WEADD)? Elder abuse is often hidden - but by speaking up, raising awareness, and checking in, we can help stop it. Alameda County receives approximately 6,000 reports of elder abuse per year that are believed to be only a fraction of the cases occurring in the County.

WEADD was launched by the International Network for the Prevention of Elder Abuse and the

World Health Organization at the United Nations. The purpose of WEAAD is to provide an opportunity for communities around the world to promote a better understanding of abuse and neglect of older people by raising awareness of the cultural, social, economic and demographic processes affecting elder abuse and neglect.

The costs of elder abuse are high for the affected individuals and society alike. Elderly individuals may lose homes, life savings, dignity, independence, and possibly their lives. For society, elder abuse is both a social and economic issue: it creates health care and legal costs, which are often shouldered by public programs like Medicare and Medi-Cal and isolates them from the community.

Everyone is susceptible to scams, but elderly Veterans may be more vulnerable due to the financial benefits they receive. If you are missing a VA benefits payment, identify a discrepancy in payments, or find suspicious activity with your direct deposit account, contact the VA immediately at 800-827-1000. Veterans, survivors and their advocates should never pay for assistance when applying for VA benefits. [Accredited Veteran Service Organization \(VSO\) representatives](#) provide free advice and help complete and file applications. These certified professionals are well-trained to support you and your family.

Additionally, the State of CA published the following guide: https://oag.ca.gov/system/files/attachments/press_releases/03-001.pdf Although the guide was released several years ago, it has important information about how to recognize the signs of elder abuse and agencies that can assist in situations of elder abuse.

Further, the Alameda County Social Services Agency and its Adult Protective Services Unit and the Ombudsman Services of Alameda County (Empowered Aging), and the Alameda County District Attorney's office, its Elder Protection Unit and Victim Witness Division, provide a network of services to elders who are in danger of becoming, or who have become, victims of abuse. Summer is Almost Here!

Sue Gonzales, Surviving Spouse Liaison

Summertime – the kids (and grandkids) are out of school, vacations are being planned, and the smell of BBQ is in the air! As we get ready for the temperatures to rise and spend more time outdoors, always be mindful of the effects of sun exposure by wearing sunscreen (I hate wearing sunscreen) but the benefits outweigh the consequences. I hope that you can enjoy the time with family and friends. I wanted to pass on some information on Survivor Benefits and current legislation.

VA Announces Major Survivor Benefits Reforms (May 5, 2025)

WASHINGTON — The Department of Veterans Affairs today announced a three-pronged approach to eliminate barriers and streamline the process for how eligible survivors and dependents of deceased Veterans and servicemembers apply for and receive VA benefits and services. Specific improvements include:

- Starting this month, VA's Office of Survivors Assistance <https://www.va.gov/survivors/> will be moved from the Veterans Benefits Administration to the Office of the VA Secretary
- Starting this month, VA will create a "white-glove" survivor outreach team to guide and assist eligible survivors throughout their Dependency and Indemnity Compensation (DIC) claims process. <https://www.va.gov/family-and-caregiver-benefits/survivor-compensation/dependency-indemnity-compensation/>
- Starting immediately, VA will begin work to identify areas where automation can be used to make the DIC claims process easier to navigate for survivors. "The last thing survivors need in their time of grief is frustrating red tape and bureaucracy. That's why we are creating a better system to more quickly and effectively provide survivors the services, support, and compassion they've earned," said VA Secretary Doug Collins. Background information on the changes VA announced today is below to read the rest of the press release. [VA announces major survivor benefits reforms](#)

Honoring Women Who Serve – Meet Liz Rush

Liz Rush (Spencer) served in the U.S. Army from 1977 to 1980 and was honorably discharged as a SP4. Basic Training was at Ft. Jackson, SC, where she was assigned to Company E, 1st BN. 1st BDE. Her company was the first group of women to train alongside men and the first group of women who were called "soldiers." Previously, women were referred to as WACs (Women's Army Corps).

After basic training, she trained to be an Administrative Specialist. As an Honor Graduate from training, she was assigned to the Pentagon and subsequently to MILPERCEN (Military Personnel Center). With a top-secret security clearance, her primary job was to handle classified documents and assist in war games at the command center.

She had the good fortune to be stationed at Fort Myer, now known as Joint Base Myer-Henderson Hall, in Arlington, VA. This base is adjacent to the Arlington National Cemetery, dedicated to honoring military service members and home to the Tomb of the Unknown Soldier. Also housed here are the 3rd U.S. Infantry Regiment (The Old Guard), the U.S. Army Band, and the Fife and Drum Corps.

As a special assignment, Liz was chosen to test and model the newly designed women's dress uniforms. The military found that the women's uniforms from the 1940s needed to be updated. She and two other female soldiers were sent to the Natick Army Labs in Massachusetts to be fitted into a custom uniform. These three were then sent on a tour of all major US bases to show the

uniforms and get feedback. Ultimately, Liz's uniform was chosen as the new Women's Soldier dress uniform.

AB-53 Letter to Governor Newsom

Governor Gavin Newsom
State Capitol
Sacramento, CA 95814

Subject: Support for Governor's Military Retirement Tax Exemptions AB-53

Governor Newsom,

We thank Assemblyman James Ramos for introducing AB-53 - it is a critical step toward honoring our Veterans and strengthening California's economic competitiveness. Today, California stands alone as the only state in the nation that fully taxes military retirement pay and Survivor Benefit Plan (SBP) annuities. Is this the message we want to send to those who have served our nation with honor and distinction? And what is the true cost to our state?

I write in strong support of AB-53 which proposes a targeted personal income tax exemption of military retirement pay and Survivor Benefit Plan (SBP) annuities for eligible California residents. We recognize this Committee's responsibility to carefully evaluate the fiscal impact of proposed legislation. However, rather than adding long-term cost burdens, AB-53 represents a strategic correction to an existing fiscal imbalance—one that is steadily undermining California's economic competitiveness, eroding its revenue base, and weakening its national security workforce pipeline.

Eliminating the tax on military retirement pay is not a loss—it is an investment. California's 140,000 retired Veterans are highly educated and trained professionals—ready to serve in critical fields such as STEM, healthcare, engineering, and public safety. Their second career brings billions of dollars to our state.

What does California stand to lose by maintaining this outdated tax policy? Billions of dollars in:

- Income from Veterans' second careers
- Federal dollars tied to Veteran services (e.g., TRICARE, VA healthcare, education)
- Defense industry jobs—CA dropped from #1 to #3 in national defense contract awards
- Sales and property tax revenue
- Income from working spouses

AB-53 presents an opportunity to reverse course. Exempting modest military pensions—averaging \$34,000—from state income tax would be more than offset by increased revenues from broader economic activity, income taxes, and federal funding. We are encouraged and thank Governor Newsom for including this exemption in his FY25–26 proposed budget.

This is not a giveaway. It is a smart policy that honors those who served at least 20 years and who continue to serve their communities in retirement, For the good of our Veterans—and the future of California—we urge your support of AB-53.

Thank you for your attention on this critical issue.
